

Martinater

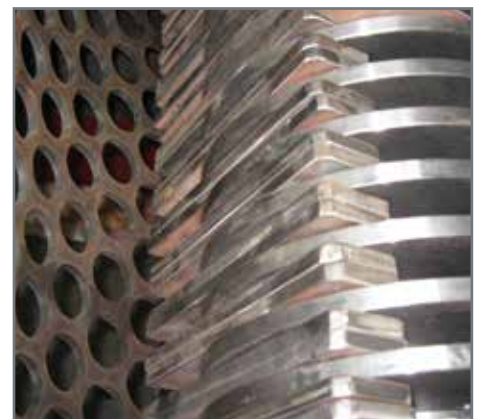

The Martinater 500 and 700 is your ultimate hammer mill solution designed for the efficient grinding of co-products. Versatile and adept, it tackles a diverse range of waste materials, from supermarket and restaurant/hotel discards to agricultural co-products and factory leftovers. This robust solution is tailored to reduce the size of various co-products with unparalleled efficiency and effectiveness.

Features:

- Engineered for maximum durability and strength
- Streamlined and low-maintenance design
- Compact size
- Utilizes the efficient swing hammer principle
- Easily adjustable sizes with simple screen changes
- Dedicated collection section for tramp materials

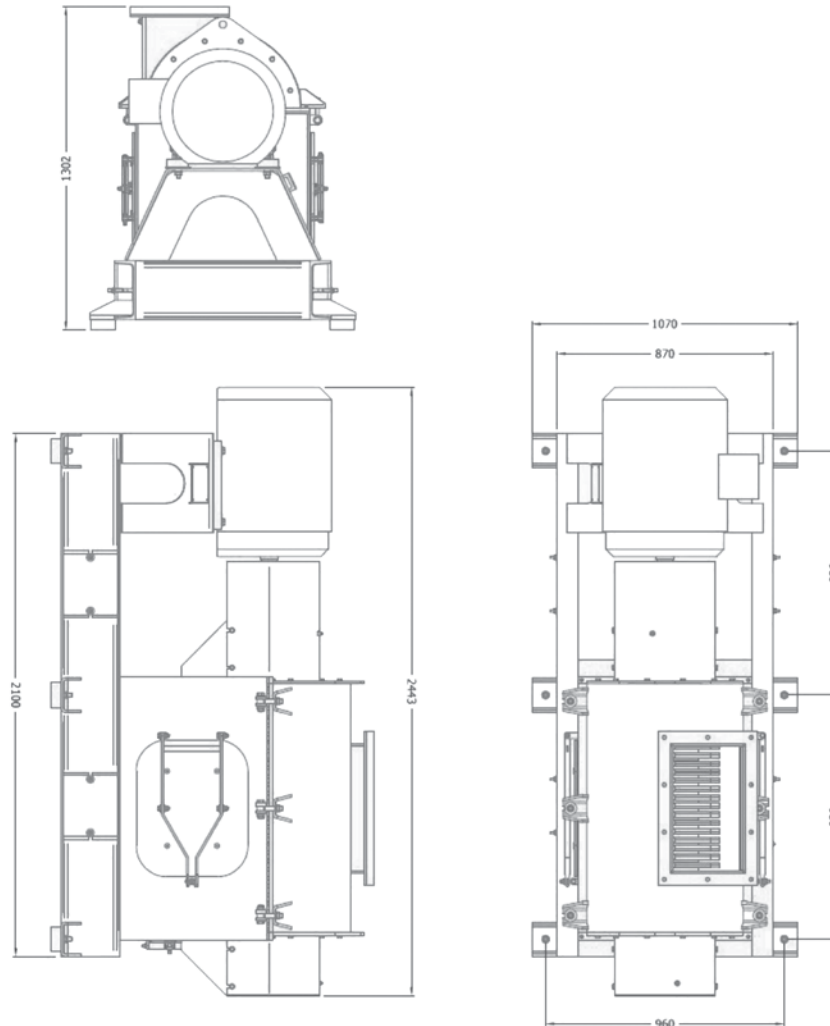

Capacity:

- Up to 20m³/hr
