

Paddle Washer

Reduce packaging weight

Function:

The Paddle Washer is designed to wash the packaging and decrease the weight of the packaging output. The machine delivers an extremely clean plastic, creates more yield in organic fraction and significantly saves on disposal costs.

Features:

- Up to 30% reduction packaging weight
- Save on packaging disposal costs
- Heavy duty execution
- Simple and low maintenance design
- Compact size
- Fast & easy access for easy maintenance, inspection and cleaning
- Fixed shaft execution
- Variable screen sizes available
- Low installed power
- Low water consumption
- Integration into Paddle Depacker and other depackaging systems possible

Capacity: *

Up to 12 m³ per hour

* depending on input material composition

Paddle Washer

Reduce packaging weight

Model	Power	Weight	Length	Width	Height
PW 650	kW	kg	mm	mm	mm
